

Two Day National level Webinar on Material Characterization techniques in Physical and Chemical Sciences

Organised by

**Department of Physics
Govt. P. G. College Khargone M.P. India**

**In Association of
IQAC Govt. P. G. College Khargone MP
(27-28 May 2020)**

Time: 11.00 AM Onwards

About Webinar

With the prospect of spending more time indoors in this current global situation, we are holding a two days national level webinars focused on “Materials Characterization”. It is an interactive webinar session presented by expert speakers. The focus of webinar sessions will be on the basics of materials characterization techniques and their importance in the physical and chemical sciences.

About the College

Govt. post graduate college began its journey with faculties of Science, Arts and Commerce on a dynamic path of progress in 1958. It is a district with notable tribal population and generally known as a tribal district. It is one of the largest co-ed colleges of the state. All programmes are planned to serve for local and national needs of higher education. The college belongs to Higher Education Department of Madhya Pradesh and affiliated to Devi Ahilya University, Indore which has recognized the college as a Research Center in four subjects viz. – Economics, Commerce, Geography and Hindi.
