## **B. WEAKNESSES**

**1. Poor Stuff from surrounding area H.S.S.:-** As most of the surrounding area is tribal with poor educational and economic background, the stuff is poor, in first year of B.A., B.Sc., B.Com is of low level. At UG level more than 75% students belong to ST, SC and OBC coming from remote-rural area. They have tribal dialects viz. Bareli/Bhilali/Bhili/Nimari as their mother tongue. So more than 90% students are unable to write or express themselves in English. Not only this, but also more than 45% students are unable to write Hindi properly. This inefficiency to understand/read and write correct English and Hindi work as an impediment to their learning and understanding.

**2. No permanent librarian and Sports Officer:-** Library and sports is one of most important sections of an institution of Higher Education. In the college the post of Librarian and sports officer has been lying vacant for more than 5 years and a guest librarian and guest sports officer is working now. Lack of permanent Librarian and sports officer affect the work adversely.

**3. Research:-** Students join the college only to get degrees. They are not interested in research work. As the students are from poor or middle class families. They need job even while studying, as they get any job after P.G. or even U.G., they stop further studies and do not incline towards research or higher studies. Even faculty members do not pay attention towards research work after fulfilling their provisions because of heavy load of other non-academic work imposed on them.

**4. Post should be increased and filled with permanent faculty:-** Vacant posts of faculties and office staff are also a weakness of the college. According to the increased number of students and more work the vacant posts should have been increased in filled with regular staff.

**5. Staff for Hostels:-** The College runs one (Chandra Shekhar Azad) hostel for Boys and one hostel for Girls. But there is no post of Hostel Superintendent, Guard, Cook, Peon etc. in any of them. Some staff members are allotted extra work to run the hostels and it is very difficult to manage students there and provide the mess facility.

### **C. OPPORTUNITIES**

**1. May Increase Funds:-** Jan Bhagidari Samiti(Public Participation Committee) of the college may increase its funds by getting donations from the Rich Persons/Businessmen/Public leaders etc. This amount may be utilized in the development/Facilities of the college. At present only Jan Bhagidari Fees is collected from students. By collecting money from society would be real Public Participation and thus other Stakeholders viz. Alumni and public would bunch up with the institution.

**2. Job Oriented Courses:-** Job oriented courses may be initiated in the college for the benefit of the students. As it is Narmada Valley region Courses related to fishing/Fish Oil manufacture/Fish Production and courses of producing/preserving food articles may be started.

**3. Sports centre with good coaches:-** There has been a good tradition of Tennis/Hockey/Basket ball/Body Building and athletics separate wing of sports may be established appointing good coaches in such sports/athletics so as to develop players/athletes of state and national levels.

**4. Research centers in some more subjects:-** As there is sufficient and experienced academy in some subjects/departments like English, Sociology, Political Science, Chemistry, zoology etc. research work may be started there and research centers may be opened in those subjects.

### **D. CHALLENGES**

**1. To use energy of youth:-** As there are around 6000 regular students in the college, it is a challenge for the administration to use this power house and divert it is highly embarrassing to manage activities/examination/sports/competitions/functions for a large number of participants.

**2. Quality Enhancement:-** As it is told already the stuff we get is poor, it is a challenge for the institution to enhance the quality. In spite of best efforts only their examination results are improved. In co-curricular, extra activities and sports also they do not achieve what may be expected from such a large number of students.

**3. Communication skills:-** Due to rural and tribal background the students feel it hard to communicate in English and write in English. They make mistake even in writing good and correct Hindi and express themselves aptly. This is a great hindrance in achieving heights in course examinations/competitive Examinations and becoming successful in other walks of life.
