Analysis -

1. The response of students regarding practical,teaching process & pedagogies adopted for learning was satisfactory.

2. Sports,library,experimental material facilities in colleges was also good according to feedback provided by students.

3. Students also responded good & very good regarding ICT facilities.

4. Toilets,water,electricity facilities are also satisfactory as per students.

5. Students are also satisfied with the feedback & redresal mechanism of adminstration & IQAC.

Some Suggestion for improving the curriculum -

1. More faculty members should be recruited.

2. More training programmes to be organised for enhancing skills

3. More clarity on new education system is required.

4. More ICT and experiential based teaching methods should be used.
